G.O.Ms.No. 1084,dated 5-10-49.

READ:-

G.O.No.2154, Development, dated 18-4-1948.
" " 1056 " 2-3-49.

From the Joint Director of Agriculture, Letter No.T.T.5.dated 3-8-1949.

ORDER:

The Special Officer for Contingencies recommended INTER ALIA a revision of the rates of hire charges for all Government vehicles with a view to cover the increased amounts spent by the Government in the maintenance of the vehicles. With reference to this recommendation of the Director of Agriculture was requested to review the rates of hire charges fixed for the various types of Government vehicles under his charge for the purpose of increasing the rates, if feasible , --and to submit his proposals in the matter. The Joint Director of Agriculture has accordingly reviewed the rates of hire charges. He has stated that single and double bullock -carts maintained at the various Agricultural Stations, are usually put to departmental uses only and are not hired out to the public but hired to the staff employed in the stations on collection of a nominal hire charge. On the gound that the hire charges of vehicles in most of the stations were revised only during 1947-49 and that such revision is required only in respect of the vehicles in the Agricultural Farm at Panagal and in the Government Botanical Gardens, Ootacamund, he has suggested that in conformity with the rates obtaining in other station the rates obtaining in the Agricultural Farm at Panagal and in the Government Botanical Gardens, Ootacamund may be fixed at four annas per mile for single bullock carts and six annas per mile for double bullock carts. The Government accept the recommendation of the Director of Agriculture and direct that the hire charges may be collected at the uniform rate of four annas per mile for single bullock carts and six annas per mile for double bullock carts maintained at these places also.
